SŪRYA

Kanyā

With **Scorpio rising** and the **Moon in Pisces**, yours is a deep, intuitive, private nature — you feel before you reason, and you carry more beneath the surface than you show. Your soul's significator (Atmakāraka) is **Jupiter**: this lifetime asks you to teach, guide, and grow through wisdom rather than force.

- ◆ **Your strength — Jupiter (Atmakāraka).** Strong Jupiter gives faith, generosity, and the ability to mentor. When you lead with meaning over speed, doors open.
- △ **Your lesson — Saturn.** Saturn asks for patience and structure. Rushing or cutting corners is where friction shows up; steady effort is rewarded, haste is not.
- ⦿ **This year's tone — Guru-Śani daśā.** A consolidating, build-and-finish phase. The supportive Śukra sub-period (Mar–Aug) is your softest, most relationship-friendly stretch of the year.

HOW TO USE YOUR PLANNER

What each day favours

Every weekday carries the nature of its ruling planet. Plan the right task on the right day, and you move with the current instead of against it.

DAY	PLANET	GOOD FOR · GO EASY ON
Sunday	SUN	Authority, health, dealing with leaders, vitality · ego clashes
Monday	MOON	Home, family, nurturing, water, travel · big commitments
Tuesday	MARS	Pay off debts, property, bold action, training · arguments
Wednesday	MERCURY	Sign, negotiate, study, trade, accounts · over-thinking
Thursday	JUPITER	Buy books, start learning, invest, ceremonies · excess
Friday	VENUS	Romance, art, buy clothes/jewels/vehicles, weddings · indulgence
Saturday	SATURN	Hard work, property, old/pending matters · new auspicious starts

PLAN AROUND YOUR YEAR

Buy a home / property: Jan 13, around the Rohiṇī window. **Start something new:** Jan 22 (Hasta). **Travel:** Jan 6. **Romance / relationships:** the Śukra stretch, Mar–Aug. **Pay off debt:** Tuesdays, esp. Jan 7.

सूत्रम् काल

MONTH BY MONTH · JANUARY

January — consolidate & begin

A month of two halves. Until the **Jan 14 Sankrānti**, energy is inward and reflective; after it, momentum returns to career and visibility. Hold the bigger moves for the favorable windows below, and treat the caution days as rest, not push.

KEY DATES, EXPLAINED

- | | |
|--------|--|
| Jan 4 | Full Moon in Makara. A culmination — finish and release rather than start. Good for completing, clearing, letting go. |
| Jan 10 | Mars within 3° of your natal Moon. Emotions run hot; patience is thin. Avoid disputes, signings, and risky moves. A day to walk, not wrestle. |
| Jan 14 | Sun enters Makara (Sankrānti). The turn of the solar year — momentum returns to your career and visibility. A fresh runway opens. |
| Jan 19 | New Moon in Makara. Your clean reset — set intentions for the months ahead, especially around work and structure. |
| Jan 23 | Antardaśā turns to Ketu. A subtle shift toward closure and introspection. Tie up loose ends before beginning anything large. |

THIS MONTH, PLAN TO

Do: sign & commit on Jan 2, 16, 30 · buy/invest on Jan 13, 17 · travel Jan 6.

Hold: Jan 5, 10, 18, 23, 25 — rest, reflect, no major launches.
